INDEX TO VOLUME 20

Subject Index

Abortion

Abortion Via Misoprostal, Update, p. 2.

Estimated Levels of Induced Abortion in Six Latin American Countries, S. Singh and D. Wulf, p. 4.

Africa

Cairo Consensus: Population, Development and Women, The, see **Population: Policy & Research**.

Comparative Study of Socioeconomic and Demographic Determinants of Fertility in Togo and Uganda, A, N. Ahn and A. Shariff, p. 14.

Family Planning in Nairobi: A Situation Analysis of the City Commission Clinics, B. S. Mensch, R. A. Miller, A. A. Fisher, J. Mwita, N. Keyonzo, F. Y. M. Ali and C. Ndeti, p. 48.

Gynecologic Morbidity Is High for Egyptian Women in a Pair of Rural Villages, Digest, p. 40.

HIV Spreads in Uganda, see **Sexually Transmitted Diseases**.

How Attitudes Toward Family Planning and Discussion Between Wives and Husbands Affect Contraceptive Use in Ghana, S. Salway, p. 44.

Husband's Involvement Boosts Contraceptive Use Among Ethiopian Couples, Digest, p. 39.

In Kenya, Maternal HIV Infection Is Associated with Low Birth Weight, Digest, p. 119.

In Tanzania, Women's Fertility, Ideal Family Size Both Surpass Six Births, Digest, p. 38.

Malawi's Fertility Declines, Infant and Child Mortality Rates Remain Elevated, Digest, p. 162.

Maternal Bleeding High in Ghana, Update, p. 3.

Method Use Is Relatively High in Egypt, but So Are Levels of Unwanted Births, Digest, p. 158.

Moroccan Fertility Falls as Young Women Delay Marriage, Childbearing, see **Fertility: Planning and Effects.**

Narrative Research Method Tells Young Adults' Stories, Field Briefings, p. 33.

Nigerian Rates of Infant Mortality, Fertility Are Among Highest in World, Digest, p. 36.

Postpartum Abstinence in Ghana, Update, p. 123.

Prostitutes Sometimes Use Condoms, see **Barrier Methods**.

Radio Promotion of Family Planning in The Gambia, T. W. Valente, Y. M. Kim, C. Lettenmaier, W. Glass and Y. Dibba, p. 96.

Research or Imperialism? Book Review of: *Science That Colonizes: A Critique of Fertility Studies in Africa*, A. Riedmann. Rev. by T. O. Pearce, p. 114.

Safe Provision of Oral Contraceptives: The Effectiveness of Systematic Laboratory Testing in Senegal, see **Oral Contraceptives**.

Sisterhood is Reliable, see **Maternal and Child Health**.

Situation Analyses Reveal Great Variation in Quality of Services Provided at African Family Planning Sites, Digest, p. 115.

Syphilis a Problem in South Africa, see **Sexually Transmitted Diseases**.

Tunisian Women Have Greater Access Than Moroccan Women to Contraceptives and Maternal Health Care, see **Maternal and Child Health.**

Why Injectable Users Discontinue, see **Hormonal Implants and Injections**.

Asia

China Replaces Unreliable IUD, Update, p. 2.

Condom Breakage in Brothels, see **Barrier Methods**.

Contraceptive Implant Found Safe, Acceptable, Among Chinese Women, see **Hormonal Implants and Injections**.

Contraceptive Implant Users and Their Access to Removal Services in Bangladesh, see **Hormonal Implants and Injections.**

Demographic Impact of Conversion from Steel to Copper IUDs in China, The, L. Y. Ping, K. L. Bourne, P. J. Rowe, Z. De Wei, W. S. Xian, Z. H. Yin and W. Zhen, p. 124.

Determinants of the Decline in Parity Progression Ratios in China, 1979–1984: A Factor Analysis of Provincial Data, Q. Yang, p. 101.

Effect of Sex Preference on Contraceptive Use and Fertility in Rural South India, The, see **Contraceptive Practice**.

Family Planning and Contraceptive Use in Iran, 1967–1992, Special Report, A. Aghajanian, p. 66.

Fertility Decline in Mongolia: Trends, Policies and Explanations, Comment, R. F. Neupert, p. 18.

Fertility Transition in Syria: From Implicit Population Policy to Explicit Economic Crisis, see **Fertility: Planning and Effects**.

HIV Infection Rate, Use of Prostitutes Are Both High Among Young Military Recruits in Northern Thailand, Digest, p. 35.

Indonesia Tests Male Method, Update, p. 2.

Introducing the Contraceptive Implant in Thailand: Impact on Method Use and Costs, B. Janowitz, K. Kanchanasinith, N. Auamkul, P. Amornwichet, K. Soonthorndhada and R. Hanenberg, p. 131.

Low-Dose Pill Has Better Continuation than High-Dose Pill in Bangladesh, see **Oral Contraceptives**.

Measures of Higher Order Births in India, Letter, J. Trussell, p. 70.

Monthly Pill Popular in Laos, see **Oral Contraceptives**.

Path to Below Replacement-Level Fertility in Thailand, The, C. Hirschman, J. Tan, A. Chamratrithirong and P. Guest, p. 82

Quinacrine Pellets: An Examination of Nonsurgical Sterilization, see **Sterilization**.

Sex and the Single Woman, see **Sexual Behavior**.

Six Arab Gulf Nations Show Considerable Variation in Current Fertility Levels and Infant Mortality Rates, see **Fertility: Planning and Effects**.

Barrier Methods

Condom Breakage and Slippage Rates Among Study Participants in Eight Countries, M. Steiner, C. Piedrahita, C. Joanis, L. Glover and A. Spruyt, p. 55.

Condom Breakage in Brothels, Update. p. 2.

Prostitutes Sometimes Use Condoms, Update, p. 3.

Use of Spermicide Containing Nonoxynol-9 Provides Substantial Protection Against Gonorrheal Infection, see **Sexually Transmitted Diseases**.

Breastfeeding

Breast Milk Is Best, Update, p. 123.

Breast's Own Cancer Protection, Update, p. 42.

Contraceptive Practice

Half of Nicaraguan Women Use Contraceptives, Yet Birthrates Remain High, see **Latin America and the Caribbean.**

How Attitudes Toward Family Planning and Discussion Between Wives and Husbands Affect Contraceptive Use in Ghana, see **Africa**.

Effect of Sex Preference on Contraceptive Use and Fertility in Rural South India, The, T. Rajaretnam and R. V. Deshpande, p. 88.

Family Planning and Contraceptive Use in Iran, 1967–1992, see **Asia.**

Husband's Involvement Boosts Contraceptive Use Among Ethiopian Couples, see **Africa**.

In Tanzania, Women's Fertility, Ideal Family Size Both Surpass Six Births, see **Africa**.

Knowing a Method vs. Using One, Update, p. 3.

Malawi's Fertility Declines, Infant and Child Mortality Rates Remain Elevated, see **Africa**.

Nigerian Rates of Infant Mortality, Fertility Are Among Highest in World, see **Africa.**

Six Arab Gulf Nations Show Considerable Variation in Current Fertility Levels and Infant Mortality Rates, see **Fertility: Planning and Effects.**

Contraceptive Research

Indonesia Tests Male Method, see **Asia**.

Fertility: Planning and Effects

Comparative Study of Socioeconomic and Demographic Determinants of Fertility in Togo and Uganda, A, see **Africa**.

Determinants of the Decline in Parity Progression Ratios in China, 1979–1984: A Factor Analysis of Provincial Data, see **Asia**.

Effect of Sex Preference on Contraceptive Use and Fertility in Rural South India, The, see **Contraceptive Practice.**

Eleven of the Largest Developing Countries are Unlikely to Reach Replacement Fertility by 2015, Digest, p. 164.

Fertility Decline in Mongolia: Trends, Policies and Explanations, see **Asia.**

Fertility Transition in Syria: From Implicit Population Policy to Explicit Economic Crisis, Comment, Y. Courbage, p. 142

Half of Nicaraguan Women Use Contraceptives, Yet Birthrates Remain High, see **Latin America and the Caribbean**.

In Tanzania, Women's Fertility, Ideal Family Size Both Surpass Six Births, see **Africa**.

Moroccan Fertility Falls as Young Women Delay Marriage, Childbearing, Digest, p. 77.

Nigerian Rates of Infant Mortality, Fertility Are Among Highest in World, see **Africa**.

Path to Below Replacement-Level Fertility in Thailand, The, see **Asia**.

Reservations for About 10 Billion, Update, p. 122

Seeking Common Ground: Unmet Need and Demographic Goals, Comment, S. W. Sinding, J. A. Ross and A. G. Rosenfield, p. 23.

Six Arab Gulf Nations Show Considerable Variation in Current Fertility Levels and Infant Mortality Rates, Digest, p. 79.

Hormonal Implants and Injections

Contraceptive Implant Found Safe, Acceptable, Among Chinese Women, Digest, p. 161.

Contraceptive Implant Users and Their Access to Removal Services in Bangladesh, K. Hardee, Barkat-e-Khuda, G. M. Kamal, A. P. M. S. Rahman and J. McMahan, p. 59.

Introducing the Contraceptive Implant in Thailand: Impact on Method Use and Costs, see **Asia**.

New Implant Removal Method, Update, p. 3.

Why Injectable Users Discontinue, Update, p. 122.

Intrauterine Devices

China Replaces Unreliable IUD, see **Asia**.

Demographic Impact of Conversion from Steel to Copper IUDs in China, The, see **Asia**.

Less Bleeding, Spotting with Levonogestrel IUD Than with Copper IUD, Digest, p. 76.

Latin America and the Caribbean

Estimated Levels of Induced Abortion in Six Latin American Countries, see **Abortion**

Half of Nicaraguan Women Use Contraceptives, Yet Birthrates Remain High, Digest, p. 116.

Knowing a Method vs. Using One, see **Contraceptive Practice**.

Risk Factors for Tubal Infertility, Update, p. 43.

Sex Education Gains Strength in Mexican Public Schools. Field Briefings, p. 73.

Males

Circumcision and HIV Risk, see **Sexually Transmitted Diseases**.

Circumcision Risks and Benefits, see **Sexually Transmitted Diseases.**

How Attitudes Toward Family Planning and Discussion Between Wives and Husbands Affect Contraceptive Use in Ghana, see **Africa.**

Husband's Involvement Boosts Contraceptive Use Among Ethiopian Couples, see **Africa.**

Indonesia Tests Male Method, see **Asia.**

Maternal and Child Health

Gynecologic Morbidity Is High for Egyptian Women in a Pair of Rural Villages, see **Africa.**

Half of Nicaraguan Women Use Contraceptives, Yet Birthrates Remain High, see **Latin America and the Caribbean**.

In Kenya, Maternal HIV Infection is Associated with Low Birth Weight, see **Africa**.

In Tanzania, Women's Fertility, Ideal Family Size Both Surpass Six Births, see **Africa**.

Malawi's Fertility Declines, Infant and Child Mortality Rates Remain Elevated, see **Africa**.

Maternal Bleeding High in Ghana, see **Africa**.

Method Use Is Relatively High in Egypt, but So Are Levels of Unwanted Births, see **Africa**.

Moroccan Fertility Falls as Young Women Delay Marriage, Childbearing, see **Fertility: Planning and Effects.**

Nigerian Rates of Infant Mortality, Fertility Are Among Highest in World, see **Africa**.

Risk Factors for Tubal Infertility, **see Latin America and the Caribbean.**

Sisterhood Is Reliable, Update, p. 122.

Six Arab Gulf Nations Show Considerable Variation in Current Fertility Levels and Infant Mortality Rates, see **Fertility: Planning and Effects.**

Tunisian Women Have Greater Access Than Moroccan Women to Contraceptives and Maternal Health Care, Digest, p. 75.

Oral Contraceptives

Low-Dose Pill Has Better Continuation than High-Dose Pill in Bangladesh, Digest, p. 118.

Monthly Pill Popular in Laos, Update, p. 42.

Pill Does Not Damage Gallbladder, Update, p. 123.

Safe Provision of Oral Contraceptives: The Effectiveness of Systematic Laboratory Testing in Senegal, Research Note, J. Stanback, J. B. Smith, B. Janowitz and F. Diadhiou, p. 147.

Population: Policy and Research

Cairo Consensus: Population, Development and Women, The, Special Report, S. A. Cohen and C. L. Richards, p. 150.

Family Planning as an Instrument of Empowerment, Book Review of: *Population Policy & Women's Rights: Transforming Reproductive Choice*, R. Dixon-Mueller. Rev. by L. P. Freedman, p. 31.

Fertility Transition in Syria: From Implicit Population Policy to Explicit Economic Crisis, see **Fertility: Planning and Effects**.

Seeking Common Ground: Unmet Need and Demographic Goals, see **Fertility: Planning and Effects.**

Two Proposals for the Agenda at Cairo, Viewpoint, P. Demeny, p. 28.

Programs: Evaluation and Funding

Calculating Couple Years of Protection, Letter, P. D. Harvey, p. 70; correction, p. 113.

Family Planning in Nairobi: A Situation Analysis of the City Commission Clinics, see **Africa.**

Private-Sector Family Planning Projects Can Succeed Long-Term, Even When Donor Support is Withdrawn, Digest, p. 160.

Radio Promotion of Family Planning in The Gambia, see **Africa.**

Use of True Experimental Designs for Family Planning Program Evaluations: Merits, Problems and Solutions, K. E. Bauman, C. I. Viadro and A. O. Tsui, Comment, p. 108.

Religious Attitudes

Mixing of Theology, Population and Health, A, Book Review of: *Family Planning in the Legacy of Islam*, A. R. Omran, Rev. by C. M. Obermeyer, p. 156.

Sex Education

Sex Education Gains Strength in Mexican Public Schools, see **Latin America.**

Sexual Behavior

Sex and the Single Woman, Update, p. 42.

Sexually Transmitted Diseases

Chlamydia and Population Growth, Update, p. 3.

Circumcision and HIV Risk, Update, p. 123.

Circumcision Risks and Benefits, Update, p. 42.

Female-to-Male HIV Transmission, Update, p. 42.

Global View of Women and AIDS, A, Book Review of: *Women and HIV/AIDS: An International Resource Book*, M. Berer with S. Ray, Rev. by E. M. Ankrah, p. 71; correction, p. 149.

HIV Infection Rate, Use of Prostitutes Are Both High Among Young Military Recruits in Northern Thailand, see **Asia**.

HIV Spreads in Uganda, Update, p. 42.

HIV's Effect on Child Survival, Update, p. 43.

In Kenya, Maternal HIV Infection is Associated with Low Birth Weight, see **Africa.**

In Tanzania, Women's Fertility, Ideal Family Size Both Surpass Six Births, see **Africa**.

Syphilis a Problem in South Africa, Update, p. 122.

Use of Spermicide Containing Nonoxynol-9 Provides Substantial Protection Against Gonorrheal Infection, Digest, p. 157.

Vitamins Inhibit HIV Transmission, Update, p. 122

Status of Women
Cairo Consensus: Population, Development, and Women, see **Population: Policy and Research**.

Family Planning as an Instrument of Empowerment, Book Review of: *Population Policy & Women's Rights: Transforming Reproductive Choice*, see **Population: Policy and Research**.

Sterilization
Quinacrine Pellets: An Examination of Nonsurgical Sterilization, Comment, C. Pies, M. Potts and B. Young, p. 137.

Teenagers
Narrative Research Method Tells Young Adults' Stories, see **Africa.**

Sex Education Gains Strength in Mexican Public Schools, see **Latin America**.
